

Radiator Guard Installation Instructions

Model : Honda CRF250R
Year : 2004-07
Part No: FA-001-HA-04

1. Remove the radiator shrouds and plastic radiator guards. Remove the 2 mounting bolts from each radiator using an 8mm spanner. Also remove the clip nut from the lower radiator tab.
2. Attach the braces to the radiator guards.
3. Fit the radiator guards using the original radiator bolts but replace the washers with those provided.
4. Refit the radiator shrouds
